a Room and board and all hospital diagnostic and laboratory expenses associated with the basic facility charge, payments for separately billed physician inpatient services, and emergency room expenses incurred immediately prior to inpatient stays are included. Expenses for newborns who left the hospital on the same day as the mother are included in the mother's record.

b Private insurance includes Tricare (Armed-Forces-related coverage).

c Other includes other public programs such as Department of Veterans Affairs (except Tricare); other Federal sources (Indian Health Service, military treatment facilities, and other care provided by the Federal Government); other State and local sources (community and neighborhood clinics, State and local health departments, and State programs other than Medicaid); and other public (Medicaid payments reported for persons who were not enrolled in the Medicaid program at any time during the year). Other also includes Worker's Compensation; other unclassified sources (e.g., automobile, homeowner's, liability, and other miscellaneous or unknown sources); and other private insurance (any type of private insurance payments reported for persons without private health insurance coverage during the year, as defined in MEPS).

d Uninsured refers to persons uninsured during the entire year. Public and private health insurance categories refer to individuals with public or private insurance at any time during the period; individuals with both public and private insurance and those with Tricare (Armed-Forces-related coverage) are classified as having insurance.

e Poor refers to incomes below the Federal poverty line; near poor, over the poverty line through 125 percent of the poverty line; low income, over 125 percent through 200 percent of the poverty line; middle income, over 200 percent to 400 percent of the poverty line; and high income, over 400 percent of the poverty line.

† Standard error approximately zero because of poststratification to Census Bureau population control tables.

-- Less than 100 sample cases.

\* Relative standard error equal to or greater than 30%.

a Room and board and all hospital diagnostic and laboratory expenses associated with the basic facility charge, payments for separately billed physician inpatient services, and emergency room expenses incurred immediately prior to inpatient stays are included. Expenses for newborns who left the hospital on the same day as the mother are included in the mother's record.

b Private insurance includes **Tricare** (Armed-Forces-related coverage).

c Other includes other public programs such as Department of Veterans Affairs (except Tricare); other Federal sources (Indian Health Service, military treatment facilities, and other care provided by the Federal Government); other State and local sources (community and neighborhood clinics, State and local health departments, and State programs other than Medicaid); and other public (Medicaid payments reported for persons who were not enrolled in the Medicaid program at any time during the year). Other also includes Worker's Compensation; other unclassified sources (e.g., automobile, homeowner's, liability, and other miscellaneous or unknown sources); and other private insurance (any type of private insurance payments reported for persons without private health insurance coverage during the year, as defined in MEPS).

d Uninsured refers to persons uninsured during the entire year. Public and private health insurance categories refer to individuals with public or private insurance at any time during the period; individuals with both public and private insurance and those with **Tricare** (Armed-Forces-related coverage) are classified as having insurance.

e Poor refers to incomes below the Federal poverty line; near poor, over the poverty line through 125 percent of the poverty line; low income, over 125 percent through 200 percent of the poverty line; middle income, over 200 percent to 400 percent of the poverty line; and high income, over 400 percent of the poverty line.

† Standard error approximately zero because of poststratification to Census Bureau population control tables.

-- Less than 100 sample cases.

\* Relative standard error equal to or greater than 30%.
